6. Customer Support Procedure

6.1 Warranty Information

The Vulpra Electronic Target is covered by a 3-month limited warranty starting from the date of delivery. This warranty includes:

- Free repair or replacement for any malfunction caused by internal component failure or manufacturing defects.
- Complimentary on-site maintenance services during the warranty period.

The warranty does not cover damages caused by improper handling, modification, misuse, or accidents.

6.2 Support

If you experience any issues with your target:

1. Contact our support team through Email or Whatsapp
2. Our technicians will assess the problem and provide troubleshooting assistance.
3. Remote desktop support is available for software or configuration-related issues.
4. If the problem requires technical intervention, our support team may arrange on-site repair or part replacement.

After the 3-month warranty period, maintenance and repair services may charge additional fees.

If you have any feedback or request to improve the quality of the product, kindly contact us !
